

HOLE DUSHI - DEODORIZER / SANITIZER

DESCRIPTION

HOLE DUSHI is a multi-functional Eco-Friendly product that features a baby-scented fragrance. The product is more than an air freshener, as it has a sanitizing action designed to eliminate bacteria and bad odors on various surfaces. It is an effective deodorizer and will eliminate tobacco odors as well. It provides odor control while enhancing your living space with a clean fresh baby fragrance.

USES OF THE PRODUCT

Hole Dushi is ideal for use in all living spaces, bathrooms, bedrooms, A/C filters and in vehicles. The product is also for industrial use, air conditioner maintenance and general services. It sanitizes and controls and kills 99% of germs and bacteria, eliminating bad odors on all surfaces on contact. Has no ammonia, bleach and is nonflammable. Hole Dushi is an innovative air freshener and odor control product and is manufactured with the highest quality essential oils to create the most pleasing scent that will transform any space with an odor control problem.

PRECAUTIONS AND RECOMMENDATIONS

- Hole Dushi is a ready-to-use natural formula that deodorizes and sanitizes all kitchen and home surfaces and vehicles surfaces on contact.
- The product is free from harsh chemicals, making it safe for use for both people and the environment and ensures a sanitized and safe environment with a fresh baby scent.
- Hole Dushi is safe to use and is for normal (non-delicate) use; however it is recommended to use plastic gloves and glasses for extended handling.
- Do not ingest, if ingested do not induce vomiting, seek medical attention.
- Keep out of reach of children and pets.
- The product leaves no residue behind, leaving your floors and surfaces feeling fresh.

- Avoid extended direct contact with the skin and especially with the eyes.
- In case of contact with eyes and/or skin, wash with plenty of water for at least 15 minutes. If irritation of the eyes persists, see a doctor.
- Use in ventilated areas.
- Hole Dushi is not considered toxic – ONLY – by ingestion and contains no known carcinogens.

USAGE INSTRUCTIONS

- Hole Dushi is used with a handy spray bottle and/or can be added in a sponge or mop bucket to effectively sanitize and deodorize the surfaces to be treated and leaves behind a refreshing baby scent.
- Apply directly apply to any surface, fabric, furniture, making sure that the surfaces to be deodorized and sanitized are completely covered.
- If necessary, wipe off the remaining product with a clean cloth.
