

## ULTREX DETERGENT

### DESCRIPTION

ULTREX is a laundry detergent in powder form and is a potent stain remover, specifically designed for white clothes. This powder detergent is just as effective as liquid detergent but is ultra concentrated, preservative-free and free of hazardous pollutants and skin irritants.

### USES OF THE PRODUCT

Ultrex is a concentrated powder detergent and is packaged to minimize waste and environmental impact. The product whitens, brightens, deodorizes, it is powerful enough for cold wash and is gentle on fabrics and tough on stains with long lasting freshness for your laundry. Ultrex is a better detergent for stains like dirt or clay.

### PRECAUTIONS AND RECOMMENDATIONS

- Ultrex is safe to use and is effective for whitening, cleaning and removing grease, oil and grime from clothes.
- The product is for normal (non-delicate) use; however neoprene gloves are recommended for prolonged use.
- To prevent dermatitis, prolonged direct skin contact should be avoided. Use safe systems of work, protect the skin and regularly check skin surfaces.
- Should the skin be exposed, wash with plenty of water to avoid irritation.
- Do not ingest, if ingested, do not induce vomiting, seek medical attention.
- Keep out of reach of children and pets.
- Avoid contact with your eyes, should the eyes be affected, wash with plenty of water for at least 15 minutes. If irritation persists, consult a doctor.
- Make sure to use the product in ventilated areas.
- Ultrex is not considered toxic – ONLY – by ingestion

- Do not ingest, if ingested do not induce vomiting, seek medical attention.
- Keep out of reach of children and pets.
- Use in ventilated areas.

## USAGE INSTRUCTIONS

In top loader washing machines, dose detergent directly into the drum before adding clothes. For front loader, add detergent into the detergent drawer. You can use powdered laundry detergent in place of any other type of detergent.

- Standard Loads: Use 1/4 to 1/3 cup (60 to 80 ml) of powder detergent.
- Large or Heavily Soiled Loads: Increase the amount to about 1/2 cup (120 ml).
- Small Loads: Use 1/8 to 1/4 cup (30 to 60 ml).

Never pour the detergent directly on the clothes, always pour it at the bottom and fill the washer and then add the clothes.

## PHYSICAL AND CHEMICAL DETAILS

<b>Appearance and odor</b>	<i>white, granular laundry powder, no odor</i>
<b>Boiling Point</b>	N/A
<b>Solubility in Water</b>	Complete
<b>pH</b>	11 – 12
<b>Density</b>	2.1 g/mL
<b>Non-flammable product</b>	
<b>Biodegradable product</b>
