

GREEN INDUSTRIAL DESCALER

DESCRIPTION

Green Industrial Descaler is a bio-degradable product, designed to effortlessly remove scale and gunk formation from metal surfaces. The product ensures effective cleaning without harming the environment.

USES OF THE PRODUCT

Green Industrial Descaler quickly removes the formation of scale, gunk, mold, rust on metal surfaces, restoring shine and functionality to the metal surface. Used for all machines, tanks, industry, vehicles, boats, aircraft, for stainless steel, carbon steel, aluminum, iron surfaces. The product contains environmentally friendly ingredients for safe cleaning. It is also easy to use; Simply apply, wait, and clean.

PRECAUTIONS AND RECOMMENDATIONS

- Green Industrial Descaler is biodegradable, contains no harmful chemicals, and is non-toxic, non-corrosive and non-flammable.
- Neoprene or PVC gloves must be used for hand protection, safety glasses and mask are recommended, specially for extended use.
- The product is of delicate use and can cause skin irritation in non-gloved use. If skin is irritated, rinse with water for 15 minutes and if the irritation persists, consult with a doctor.
- Should the eyes be exposed while spraying the product, it will cause irritation. Rinse with water for 15 minutes and if irritation persists, consult with a doctor.
- Do not ingest, if ingested do not induce vomiting, seek medical attention.
- Keep out of reach of children and pets.
- Product must be used in a fresh, ventilated area.

USAGE INSTRUCTIONS

- Green Industrial Descaler must be used full-strength in a spray bottle or in industrial spray equipment. Spray onto the surface to be treated, let it sit for 3 to 5 minutes and gently scrub and rinse with water. Use pressured water if deemed necessary. The product quickly removes scales, gunk, mildew, rust, restoring shine and functionality to the metal surface.
- Before using, test in a small inconspicuous area to ensure compatibility.

PHYSICAL AND CHEMICAL DETAILS

Appearance and odor	liquid with green color and acidic odor
Boiling Point	> 120 °C
Solubility in Water	Complete
pH	2
Density	1.16 g/mL
Non-flammable product	
Biodegradable product
