

ALOE LEAF - INTIMATE DOUCHE

DESCRIPTION

Aloe Leaf is a safe eco-friendly natural soap with pH adjusted light-gel, created for soothing intimate feminine hygiene use. Refreshes, protects and is Paraben free.

USES OF THE PRODUCT

Intimate wash is a hygiene enabling body wash designed for your private areas. It is different for both women and men. For men, intimate wash is designed to balance the pH levels and give you anti-microbial effects to prevent any fungal or bacterial infection.

Women of all ages require daily intimate hygiene to keep their genital area clean. The area is susceptible to contact dermatitis. Our intimate douche is a pH balanced (4.5 – 5.5), hypoallergenic liquid gel wash.

Our paraben-free formula contains virgin aloe extract, vegetable glycerin, lactic acid, vitamin E, cocamide propyl betaine, citric acid, and a cosmetic preservative. It has many healing properties that can be used to treat your private area. Aloe vera gel can be used to heal the skin around your intimate area and help clear up any infections you may have. It will also soothe itching and burning in pain the area

PRECAUTIONS AND RECOMMENDATIONS

- Aloe Leaf is a safe eco-friendly natural light gel soap
- The product is a 'matching intimate pH' and is composed of all natural, organic and hypoallergenic ingredients.
- Aloe Leaf is safe, however using unsafe vaginal wash products excessively can lead to a list of discomforts, including itching, burning, dryness and even infections.
- The product is of normal (non-delicate) use, however, must avoid contact with eyes and mucous membranes.

- Should the eye be exposed, it will cause mild irritation. Rinse with water for 15 minutes.
- Avoid products that contain perfumes and alcohols meant to make the area feel fresher and clean, but can dry out and irritate the sensitive intimate area.
- Always use the aloe vera intimate wash externally, as it is not designed for internal use.
- The product is safe for use for all ages.

USAGE INSTRUCTIONS

Aloe vera gel can be diluted in a bowl of water and is used as a wash for the vaginal area. The astringent property of Aloe vera is known to help tighten the tissues. These remedies followed over a period can help restore tissues tightness and feel healthier and younger.

- Preparation: Before using the wash, ensure your hands are clean and wet the external area of your intimate part with lukewarm water.
- Application: Take a small amount of the aloe vera intimate wash on your palm and gently massage it onto the external area of your intimate part.
- Cleansing: Allow the wash to gently cleanse the area for about 20-30 seconds.
- Rinsing: Rinse thoroughly with lukewarm water until all traces of the wash are removed.
- Drying: Pat the area dry with a clean, dry towel.
