

AP-SILISINE

DESCRIPTION

AP-Silisine is a Silicone blend used to clean, shine/polish and protect all stainless steel surfaces and materials. The product's biodegradable materials create a glossy shine layer for a polished, professional look and creates a protective coating that repels water, thus avoiding immediate rust formations. It is specially formulated for professional cleaning use and for all household stainless steel surfaces.

USES OF THE PRODUCT

AP-Silisine is a spray polish for all stainless-steel surfaces. At home, use the spray-on oil formula to complete stainless steel cleaning throughout your home, use the product on sinks, hobs, ovens and cooker hoods for a shiny, professional finish. For industrial use, the product will add shine and protection to tank and industrial surfaces with its effective properties. It is recommended to use AP-Silisine after cleaning the surfaces with an effective cleaner such as Arupro Powerful Cleaner. It leaves surfaces streak-free as it is quick drying. You can trust that this product does not require any additional products to be effective. Additionally, AP-Silisine is Eco-friendly and biodegradable for a more sustainable cleaning solution.

PRECAUTIONS AND RECOMMENDATIONS

- AP-Silisine is a safe, easy to use product for both home and industrial use.
- The product is biodegradable, contains no harmful chemicals, solvents, chlorine, NPE, or butyl, and is non-corrosive and non-flammable
- Neoprene gloves are recommended for hand protection, safety glasses and mask are recommended, all for extended handling of the product.
- The product is of normal (non-delicate) use, however avoid prolonged contact with skin as it can cause skin irritation. If skin is irritated, rinse with water for 15 minutes and if the irritation persists, consult with a doctor.
- Should the eyes be exposed, it will cause irritation. Rinse with water for 15 minutes and if irritation persists, consult with a doctor.

- Do not ingest, if ingested, do not induce vomiting, seek medical attention.
- Keep out of reach of children and pets.
- Avoid breathing in the vapor or mist of the product, it must be used in a fresh, ventilated area.
- When using the product, do not eat or drink.
- After use, must launder contaminated clothing and must also wash your hands before eating and drinking.

USAGE INSTRUCTIONS

- AP-Silisine is used at full-strength (as purchased) in a spray bottle or in industrial spray equipment.
- After spraying/coating the surface, distribute the product using a clean, dry microfiber cloth to buff the surface.
- Repeat the treatment as often as required.
- It is recommended to clean very soiled surfaces with an effective cleaner, such as Arupro Powerful Cleaner, before using the product, for better cleaning and protection of the surfaces.
