

CLEAN FLIGHT - SHAMPOO

DESCRIPTION

Clean Flight is a heavy-duty, multi-surface, silicone-based aircraft cleaner/degreaser and is specifically formulated and safe for general aviation use. It is environmentally friendly, non-toxic, non-corrosive and inhibits oxidation.

USES OF THE PRODUCT

Clean Flight Shampoo is a natural and eco-friendly liquid soap specially formulated to clean and protect aircraft components, plexiglass, logos and paint. The product ensures deep and meticulous cleaning to maintain the correct operation of the aircraft. It is also biodegradable to minimize environmental impact. The main purpose of washing the aircraft is to reduce the amount of corrosion that occurs on the airframe. Washing is the first step of the aircraft's CPCP (Corrosion Prevention and Control Plan).

PRECAUTIONS AND RECOMMENDATIONS

- Clean Flight Shampoo is safe to use and effective in cleansing and removing grease, oil and dirt.
- The product is for normal use (not delicate), however, it is recommended to use latex gloves, safety glasses and a mask.
